Application Developer

## Education

### Bachelors of Tech. - CSE

ANDHRA LOYOLA INSTITUTE OF  
ENGINEERING & TECHNOLOGY  
2018 - 2022 | Vijayawada | AP

### Class I to XII - CBSE

Physics , Chemistry, Maths & Comp. Sc.  
KENDRIYA VIDYALAYA  
SANGATHAN  
2006 - 2018 | Vijayawada | AP

## Projects

### Composable Banking

Built and developed a composable banking capability which can be leveraged to accelerate future engagements. We focused on the concept of Backend as a Service(BaaS) so that, when we build different microservices, they can be utilized on different projects separately & can be deployed in different environments without much effort.

### Skyfox

Developed a web application based which is used for booking movie tickets. The concept of Spring Boot is used to develop the backend services, and React is used for the user interface.

### Automatic Timetable Generator

Used Web Technologies. Which generates timetable based on CRUD operations in PHP and MYSQL databases.

## Profile

An Application Developer with experience in creating, maintaining and implementing source code that made up applications back-end functionalities and also in designing and developing user interfaces, testing, debugging, and Proven ability in optimizing web functionality that improve data retrieval and workflow efficacies. Equipped with a diverse and promising skill set. Experienced with cutting-edge development tools and procedures. Able to effectively self-manage during independent projects, as well as collaborate as part of a productive team, while staying focused on achieving high-quality results under strict deadlines. I am eager to obtain a challenging position at a prestigious company that will expand my learning and build upon my developer skills.

## Professional Experience

### APPLICATION DEVELOPER

JUN 2022 – FEB 2023

THOUGHTWORKS PVT.LTD.  
HYDERABAD, INDIA
